

# 2011 Salt Creek LWD Placement

## Why is restoration needed?

Salt Creek lacked essential Large Woody Debris that Salmon depend on for hiding out in. Along with installing LWD, 2.5 acres were planted with various native trees and shrubs.

## Project Overview

### Helicopter Work

**Length of Creek Treated:** 1.6 miles

**Acres Planted:** 0

**Cost of Project:** 400K

**Number of Landowners Involved:** Green Crow

### Ground Based Work
