

Salutations Salmon Friends! While we are all at home and staying healthy, the Salmon Coalition has created a fun “Salmon Bingo” card to stay connected! Complete some – or all!- activities and share your experience with us. We would love to see what you’ve done, learned, or made! Share your stories or pictures on your Facebook page or Instagram (tag us!) or directly to our Facebook page.

To reduce the transmission of COVID-19, please do activities alone or with the people who are already in your household. If you do choose to do outdoor activities, please stick to locations close to home and follow the social distancing requirement of 6 feet between people. Remember to wash your hands for 20 seconds when you return home.

Wishing good health to our community!

# B I N G O

Check your local sewer drain to see if it is labeled 'drains to Puget Sound'	Draw a salmon and label all the fins	Make a spring bouquet	Learn how to ID a new macronvertebrate	Dip your toes in the Salish Sea
Teach a friend something you know about salmon habitat	Learn how to identify a new invasive plant	Design a salmon hat to wear to your next party or bingo event (once you can!)	Sketch your favorite riparian plant	Look at the Kilisut project site on Google Maps
Remove an invasive plant from your yard	Plant a native tree, shrub, or flower	<b>Play Salmon Bingo</b>	Harvest nettles in your neighborhood (make pesto!)	Write a salmon themed poem
Create art from materials in nature	Make a fish face and post it on social media (tag NOSC!)	Bird watch! What's your favorite bird?	Learn something new about your local watershed	Share a memory of salmon or a river on your social media
Watch a short film about a NOSC project	Step outside and take ten deep breaths!	Smoke salmon!	Learn how to identify a new native plant	Follow @thesalmoncoalition on Facebook and Instagram
